

— Field Tour —

## Fire Without Borders: Observations, Experiences, and Lessons Learned from the 36-Pit Fire

May 29th, 2015

8:30am—4:00pm PST

The field tour will begin and end at [Timber Park](#) in Estacada to gather participants and board vans/buses. Featured topics include: silviculture, stand management, fuels management, and what was observed/learned about fire behavior in the different forest types and management units across both public and private land ownership.

### **Meet at: Timber Park**

30878 NW Evergreen Way  
Estacada, OR

### **Registration is required (\$15)**

Includes lunch and transportation.  
Sign up now - ***space is limited!***

*Learn about the behavior of the 36-Pit fire as told by those who experienced it, including details on fuel conditions, topography, weather, and the suppression effort. Discuss management implications with respect to fire resistance, fire resiliency, and fire safety.*

36-Pit fire burned 5,500 ac up the Clackamas River from Estacada
